The logo is 82 mm across its IMAGE canvas, not a vendor-approved print.

Do not infer ink opacity, fabric color, or transfer edge from paper.

---

02 / PRINTER CALIBRATION

A 100 mm bar must measure exactly 100 mm with a physical ruler.

0 100 mm

---

03 / LATERAL POSITION STRIP

Candidate: measure 120 mm sideways from the garment centre to LOGO centre.

0 / CENTRE **120** 180 mm

120 mm is a candidate centre offset; VERTICAL placement is still unknown.

Keep the logo card level. Check wearer-left direction before judging fit.

PAPER MOCK ONLY / NO SUPPLIER APPROVAL / NO PURCHASE / NO FABRIC TEST
